# WHAT I'M ALL ABOUT

SIMPLY PUT: I'M ALL ABOUT YOU

Since you found my work, I have a feeling you and I may have a lot in common. We are dreamers, adventurers, full of both wanderlust and wanting to be surrounded by the ones we love. Typically, you can find me with coffee in one hand (hot or iced, depending on the weather) and my dog by my side. Among other things I love to laugh and travel. I'm blessed to have my passion be my job! I look for meaning and connection almost everywhere I go. The story of human connection is what inspires my work. I aspire to create art that is luminous, romantic, soulful and tells a story.

And on your wedding day, I want to tell your story. I want the photos you are left with after the vows are shared and the dances danced, to always bring you right back to that head-over-heels magical day that immediately reconnects you and your partner. Images that over the years are shared with many, treasured at home, held in hands and close to hearts. It, of course, is about beautiful photos, but it's even more about being the photographer to tell your story the way you want it to be told for generations to come.
